HAVE A GREAT WEEK!

On Wednesday, February 14th, Ms. Alvarez held an orientation/registration meeting with 18 prospective Trade Adjustment Assistance (TAA) students.

The TAA program is a federal program that provides a path for employment growth and opportunity through aid to U.S. workers who have lost their jobs as a result of foreign trade. The TAA program seeks to provide these trade-affected workers with opportunities to obtain the skills, resources, and support they need to become reemployed.

These students were former American Apparel employees who are now being re-trained in the career of Buildings and Grounds and have started or will start our Saturday B & G class. They were informed about the schedule of the class, progress reports, and given books.

Welcome former American Apparel employees.

We wish the students well on their exciting new career!

ESL In Action

On February 5th, Ms. Giglio did a great lesson on food items/meals. It was a way for students to practice for their promotional tests.

She began with a warm up by asking students to name previously learned food vocabulary. She then modeled how to answer questions about what students usually eat for breakfast, lunch and dinner. Following the modeling, she let students practice in groups of four. They were given an envelope containing slips of paper listing food items. Students would take one slip from the envelope and have the group ask, "When do you eat ____?" Then the other student would give the answer, "I eat ____ for ____."

What a great and fun way for students to collaborate with each other and practice for the upcoming promotional testing!
